

Brute-force selection: 3.449 median SigMOS → 3.761 after ≥3.5

Fixed pilot · 100 recordings per source · 800 recordings per row except labeled filtered subsets

DF3 = DeepFilterNet3. Percentages indicate enhanced-audio blend; remainder is dry audio.

Brute-force includes native and normalized originals; ≥3.5 retains 365/800 (45.6%). Filtered medians describe smaller populations.
